Etgar Yesodi is a 3rd—5th grade curriculum developed by the Jewish Theological Seminary. It is educationally appropriate for 3rd through 6/7 graders. It is designed to connect powerfully with students because it:

- Builds on student's prior knowledge and current experiences
- Empowers students to articulate positive Jewish identities
- Builds breadth and depth in students' understanding and observance of Judaism
- Incorporates findings in educational research, such as the power of cooperative learning; the value of addressing multiple intelligences and the importance of differentiating instruction whenever possible.

Family involvement signals to children the worthiness of the enterprise of Jewish study and enculturation. This curriculum provides opportunities for parents to participate in a variety of ways: by adding their wisdom of experience to the students' studies and sharing experiences that invite dialogue on significant issues. The curriculum also integrates Jewish life beyond the confines of the classroom through community service. It is easily adapted to remote/online and hybrid teaching.

The cost for schools to utilize the Etgar or Etgar Yesodi curriculum is \$125 per grade per year for JEA members and \$225 per grade per year for non-members.

Training can be arranged on a pay-per-use basis. Limited technical support is offered through the Jewish Educators Assembly.
